Wildlife Food and Cover Plants and Accessories

Native Plants and Seeds

The following list includes only nurseries that indicated that they nursery-propagate, rather than wild-collect native plants. Many of these nurseries offer cultivated or invasive exotic species as well as native species. Please check the lists of plants native to Kentucky, provided in your *Backyard Wildlife Habitat Kit*, to be sure you are not ordering invasive exotics. We have attempted to identify all Kentucky vendors as well as vendors in states within our growing zone or ecoregion. If you know of other reputable vendors in this region, please provide us with that information. (**RT**=Retail; **WS**=Wholesale)
