Parent University

A free workshop for
parents/guardians of
10- to 15-year-old students

*Tuesday,
August 30, 2011*

JCPS Gheens Academy
4425 Preston Highway

Welcome to Parent University

It is not easy raising children, especially as they enter their teenage years. Between the ages of 10 and 15, our sons and daughters evolve from children into young men and women. During this time, children experience many growing pains—and so do their parents. That's why the Jefferson County Public School (JCPS) District sponsors Parent University.

Parent University offers a variety of useful workshops to help parents/guardians of young adolescents deal with the issues and concerns facing their children. Not only will these courses help you help your child improve his or her academic performance and become better organized, Parent University classes can help you communicate better with your young teen and understand the characteristics of this age group—all practical information you can use immediately.

While you are attending classes, fourth-grade through middle school students may participate in quiet games or attend classes with their parents.

Enroll yourself and your fourth-grade through middle school student in Parent University classes scheduled for **Tuesday, August 30**. Space is limited, so make your reservation—using the attached form—today!

Course Descriptions

All courses are 45 minutes in length.

Parent Support for Reading and Writing—Learn simple activities you can do at home with your child to improve his or her reading and writing skills.

Get Your Act Together—Learn how to make the transition to middle school and how to become an organized, efficient middle school student. This session is for parents **and** their 10- to 15-year-old child.

Together We Can Be Bully-Free—Help your child learn to recognize the signs of bullying and to find positive ways to help himself or herself and others. Cyberbullying information and materials will be included.

No Parent Left Behind—Learn how to stay involved in your child's education. Don't leave your child behind.

Paying for College—Learn the basics about financial aid resources to help your child pay for college and about what your child can be doing now to earn valuable scholarship dollars for college.

Who CAREs? JCPS Does!—In this interactive session, you'll join our CARE circle to learn just how CARE for Kids is helping to shape the culture of your child's middle school community.

Making It Add Up—Learn strategies to help your child succeed in Connected Mathematics 2.

Parent Portal—Learn how to track your child's progress in school and dialogue with your child's teachers on a secure Web site.
