

# Theory of Action

## When we collaborate to —

Create caring and culturally responsive classroom communities;

Provide high-quality, personalized instruction that challenges and engages students in authentic work;

Ensure equitable access for all students to a consistent, world-class, inquiry-based curriculum; and

Prepare leaders to engage in collaborative strategies to move this shared vision forward ...

## Then —

### All students graduate with

- A high level of academic performance,
- Strong character development and civic engagement, and
- Enhanced health and wellness ...

## So that —

### All students are prepared to

- Achieve their goals,
- Follow their dreams, and
- Create a more just society.
